Social skills and competences

I have excellent ability to relate to children and adults; People and groups of different nationalities, ethnicities, cultures and doctrines. Organizational capacity and stimulus to group dynamics.

Organisational skills and competences

I have excellent organizational skills in working groups, whether they are adults or children. My experience has matured, in particular, in the field of restoration and teaching abroad and within the Primary School.

Technical skills and competences

I have advanced skills and expertise in the use of machines and equipment for the restoration of ceramic and stone materials: demineralizers, micromotors, ablaters, microwipers, etc.

Computer skills and competences

I have the necessary IT information skills (Office package) for simple text typing (Word). I can use computers (Macs and PCs), peripherals (printer, scanners, burners) and software for documentation, cataloging and restoration of works of art in my materials. I'm able to use traditional and digital photographic tools for the creation of electronic catalogs, books and portfolios related to restoration

Artistic skills and competences

I possess the mastery of all the techniques of prevention, preservation and restoration of works of art and artefacts of historical, artistic and archaeological interest made in ceramics, stone, plaster, stucco, wax, glass, bones, amber, metals. They also possess the theoretical and practical knowledge of painting techniques, archaeological design and ceramic production systems and terracotta sculpture.

Other skills and competences Through my humanistic studies, I have gained particular knowledge and skills in the history, archeology, anthropology and the languages of the cultures of the Near East
